HEUER (continued)

Here they were interrogated very carelessly, were sent to ERFURT and further interrogated and finally in March '45 interrogated by officials of IV A/2b BERLIN. The nearness of the Russians was however causing such alarm and confusion that HEUER succeeded in obtaining permission to visit his family and left BERLIN escorted by a single guard from whom he slipped away at ERFURT and continued to his home. US troops were in the vicinity and he surrendered to them in April '45.

HEUER is obviously able to give us information about the GIS but he describes his dealings with the Russian IS in some detail.

BUND SCHUH.

Information still comes in on Action Bundschnuh which tends to be conflicting in character. One report says that Bundschnuh was organised in North GERMANY under a certain WILKINS described as an agent of KALTENBRUNNER. It is clear from most reports, however, that BUND SCHUH involved personnel of the Gestapo, Kripo and SD. OHLENDORF, at present under interrogation at CSDIC has stated that BUND SCHUH was organised by the Amtschefs of Aemter I and VI, but it is possible that by the latter he really means KALTENBRUNNER. OHLENDORF further states that the BUND SCHUH was to operate only in the east and not in the West. It is equally clear however, from all reports received that BUND SCHUH was organised too late in the day to be effective.

CIT: Germany (SS MAI) OCC: Gov. OFF: CAREER OF SUBJECT PW SET  
Stubaf. Dr. Klaus HUEGEL, FORTH ENDING AS  
(in charge of Abt VI of the Bds ITALIEN) PRIORITY CAPTURE

In September '39 HUEGEL, who to this date had held the appointment of Assesor in the Landratsamt at KONSTANZ was called up for duty with the SD Leitabschnitt STUTTGART and posted to Abt VI. His work there consisted of organising the crossing of agents into SWITZERLAND. In Dec. '39 he was recalled to the Civil Service and in June '40 called up to the GAF. Here he received an injury, was invalided out and by August '40 was back at the SD Leitabschnitt STUTTGART, where after a few weeks he was

HUEGEL (continued)

and held this appointment until his capture.

HUEGEL has considerable knowledge of Abt VI work having had experience at both the RSHA and in outposts. He has described the organisation of the Sipo and SD in Northern ITALY up to April '45 in some detail and gives the names of the personnel employed in various offices under the jurisdiction of the HSSuPf in ITALY. HUEGEL knows the history and details of the establishing of a post-occupational network in ITALY and has spoken at some length on this subject giving the names of some of the personnel and agents concerned.

HUEGEL states that after the Italian armistice RSHA policy for ITALY was revised, and whilst ITALY had previously been handled for the purpose of espionage and sabotage by Amt VI B, German-occupied Italian territory now passed to the jurisdiction of Amt III, whilst Allied-occupied ITALY was treated as Ausland and remained an Amt VI sphere of activity. This fact was previously unknown to us.

The interrogation of HUEGEL is the most complete so far received on the subject of SD organisation in ITALY.
